Dear Byron,

1. I am working on the tenders of the NEW LC and they are taking a bit longer then expected. Can we set an onsite meeting this coming Thursday at 11am onsite to confirm the interiors?
2. I forwarded the BOQ and Drawings of UIF application (Mater Boni consilji at surrounds) how are we proceeding?
3. As regards to UIF (Triq il pitiross and suroounds) Christene from ERA should send her confirmation soon after which we can proceed to DNO application. We need to print the drawings in large format. DO you have an agreement with a Print shop?

Thanks and regards
James
