Città Hompesch

We would like to inform the general public that the Ħaż-Żabbar Local Council has restored parts of rubble walls in Triq in-Nissieg, Triq Santa Marija, Triq il-Qaqoċ and Triq San Ġuzepp through Measure 4.4 – Restoring Rubble Walls in Ħaż-Żabbar. These rubble walls were in a deplorable state due to weathering and other external conditions, thus, their restoration was necessary in order to prevent further soil erosion from nearby agricultural holdings but also to restore the rural landscape. This project was co-financed out of the European Agricultural Fund for Rural Development.
